MEMORANDUM FOR: Deputy Director, Plans

FROM:

Deputy Director Central Intelligence

1. I see certain problems in the attached procedure for handling 10/5 matters in PSB. As I see it, the PSB should act as a board in addition to acting as the representativesof their respective departments. There are certain of our projects which might require the concurrence of State but not Defense, and vice

- versa, and on which the PSB as a board could act but without requiring departmental approval on each lack.

  2. The provision in paragraph 5(c) that the representative of the Joint Chiefs should join in presenting the project for the approval of the Deputy Secretary of Defense may be unworkable
- 3. I should be glad to discuss this with you further at your convenience.
